About me,

My name is Tygo Boons, a 19-year-old aspiring software developer from the Netherlands with a great passion to create and develop software and applications. I enjoy taking on new challanges and helping others with my knowledge. I strive to be the best version of myself and love to show people my capabilities. I am currently studying and will complete my degree in software development at Sintlucas in Eindhoven this year. My future plans will be to study further and follow the Game-programming course at the Breda University of Applied Science (BUAS).

Education,

2019 / current: Game/SoftwareDevelopment Sintlucas Eindhoven
2015 / 2019:   Middelbaar onderwijs VMBO 2College Ruivenmavo

Soft Skills:

- Creating organized and efficient workflows
- Self-motivated
- Avid Learner
- Problem Solving skills
- Professional Communication Skills
- Dependable

Employment history,

- 2021 / current: Game developer at LungGames
- 2019 / 2021:   Restocker at PLUS Retail
- 2017 / 2019:   Newspaper deliverer for Stadsnieuws

Awards,

- Winner 2021 Dutch game awards - Sparky by LungGames
